

Bring the Real World to Your Classroom!

Banzai's Reality Fair is an immersive financial simulation that gives students a taste of real life before it actually happens.

-  They step into real-world, simulated jobs and manage real incomes.
-  They navigate bills, unexpected expenses, and everyday financial choices.
-  They discover firsthand why saving and retirement matter.

They don't just learn financial literacy—they live it.

**Ready to bring this
experience to your school?**

1. Log in/Sign up
2. Go to **Workbooks** and select
Reality Fair Workbooks
3. Select quantity and language
4. Place your order
